It can stand for people that are attracted to minors

Perhaps your mature but you're still pretty young and small yet.

Is it ok if I'm small

You might be less intimidated if you looked a little old when you're out on your own.

I personally like shorter girls. I'm only about 5'8" myself.

You'd be just right to cuddle with.

See I would like that

Being with an older man, you may feel more pressure to go along with what they want.

Rather than what you want.

Like wat all do yu wanna do

Have you ever gotten naked for someone before?

Ya my mom and daddy for shower and baths and granny and grandpa and friends

What sort of friends?

Girlfriends n one boy that was a friend I was littler

It's what bf and gfs do but it's also
what creepy men try to get girls to
do. I don't want you to be a victim
to a creepy man.

(Even if I end up being the creepy
man)

I admit the idea of it is exciting but
it's not really a good idea if that
makes sense.

If u don't wanna do it then that's ur choice

But if I pressured you into doing something that you didn't feel comfortable doing, that wouldn't be right.

What if I'm just fooling you about being really nice. Aren't you worried?

Even if you're not worried, I'm worried for you and for me. It's possible you might not be exactly who you say you are either.

I'm not trying to be mean. There are definitely ways that I could try taking advantage of you and I don't want that.

Arranging to meet with someone you met online can be so incredibly dangerous for you.

I chat with lots of people online though various sites but often they are people from Europe or other parts of the US.

You are honestly one of the closest people I've made contact with. Which is kind of the scariest.

Scary in that while most conversations I have with others are 100% fantasies with no chance of ever meeting them. You on the other hand, we could actually get together and I'm not sure how to handle that.

Rather than the fancy pics you've posted here before. I'd love to just get some shots of you taking your picture in a mirror.

How soon until you're done with your school year? You only have about a month left?

We could spend some time together but I'd hate for you to be missing school.

I can miss schools they won't do anything unless it's more than 3 days

I would just need a note

Would u write one for me?

Or I just stick to visiting on the weekends 😊

I've got to get some sleep, you should try to do the same. ❤️

APR 30 AT 9:48 PM

I have to go into the office tomorrow. Normally that wouldn't be too bad but I'm still not 100% after my cold. I feel better but still have a cough occasionally and my voice is gone. I can talk in a whisper but if I try talking normally it's awful.

So much for being able to visit with coworkers while I'm in the office.

Friday I'll be back to working from home unless tomorrow wears me out so much I just stay in bed.
